

# PROCESS WEIGHING

## OPERATIONAL EQUIPMENT EFFICIENCY (OEE)

Did you know that there are industrial scales that **don't** take hours and hours to calibrate and/or repair, improving **OEE**?

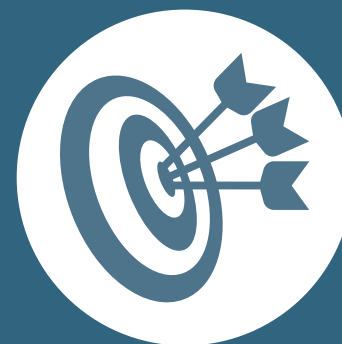

Many plants report that their scales take too long to calibrate and/or repair, holding up production. That's happening because they don't know that there's a better solution.

Our customers have installed more than **110,000 Hardy weight indicators or controllers** on their silo, tank, platform, and bench scales, providing them with the fastest scale setup, calibration, and diagnostic tools available.

Our customers set their scales up **2X FASTER**

Our customers complete their calibrations up to **4X FASTER**

Our customers diagnose their scales up to **5X FASTER**

Our customers have reduced scale downtime by **38 to 50%**

**Click or call to ask us how to increase your scale's Operational Equipment Efficiency (OEE) today.**
