TECHNICAL NOTE

Model HI 6110 Display

Update advisory notice for Firmware version 1.42.

This advisory notice concerns display menus in the firmware upgrade version 1.42.

The Profibus menus in firmware version 1.42 for the HI 6110 display will not have the Chinese translations. These menus will come up in English when the Chinese language is selected. The Chinese menus for Profibus will be implemented in a future release of this firmware.
