

PROCESS WEIGHING INTEGRATION

Did you know it doesn't have to be an adventure to **integrate** a scale with your **PLCs** and **HMIs**.

Many systems integrators report it can take hours to figure out how to program their PLCs/PACs to talk to a weight processor or weight controller. That's because they didn't have the right integration tools.

Our customers have installed more than **110,000 Hardy weight processors or controllers** using Hardy's Rockwell Integration Tools on their silo, tank, platform, and bench scales. These best-in-class Add-On-Profiles (AOPs) and Faceplates/AOIs have all been tested, validated, and documented.

Our customers have made the task **3X EASIER**

Our customers integrated their scales up to **4X FASTER** and the integration is **2X MORE ROBUST**

Our customers reduced the integration time by up to **66%**
