

Rockwell Automation's Automation Fair® Atlanta

Come join us at Rockwell Automation's Automation Fair, Booth 347, in Atlanta November 9 - 10. Hardy is proud to have exhibited at this event for all 25 years and will be there to show you how to directly integrate your scales into your PLC/PAC. Learn to configure, calibrate, and visualize weight without writing any code. Premiere Integration for Weight Processing is REAL – we'll show you a LIVE demonstration using Rockwell Automation® integration tools! See how our AOPS, AOIs, and Faceplates lower integration and operating costs (OpEx).

November 9-10, 2016
Atlanta, GA USA

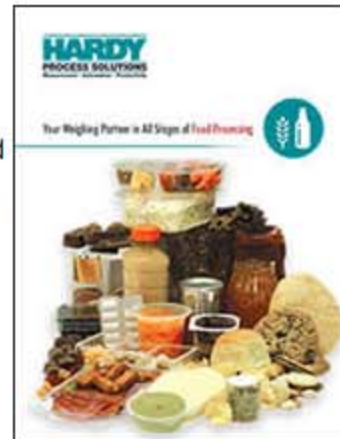

Attend our technical session (T73) on Premier Integration at the 25th annual Automation Fair from Rockwell Automation at the Georgia World Congress Center in Atlanta. Session T73 will take place Wednesday and Thursday (Nov. 9 and 10), at 8:00 am in room B403.

"An effective weighing control system doesn't leave a lot of room for doubt. In the past, I've wondered if my scales were accurate enough. Or if they had enough speed and resolution to deliver repeatable control.

With Hardy, I have no doubt about my scales. I know they will perform accurately, and our entire team has confidence in the process."

**NEW Food Processing Brochure**

Hardy's new [Food Processing Brochure](#) provides an overview of industrial weighing solutions that either meet or exceed today's Food Processing and Packaging challenges, driving Overall Equipment Effectiveness (OEE) up, no matter where they are located in the manufacturing process. At the same time, we help our customers take on their challenges at the least total cost. Our solutions reduce downtime by as much as 51%, compared to other industrial weighing solutions.

**Did You Know...??**

As a Control Engineer, you are always looking for better and more efficient ways to maintain uptime while decreasing downtime and overall cost. But, are you doing it the right way? Our experience and expertise may suggest otherwise... Click on each image to learn more.

Did you know it doesn't have to be an adventure to **integrate** a scale with your **PLCs** and **HMIs**?

Did you know it doesn't have to be confusing and difficult to **setup** and **backup** scale parameters?

**Have Confidence with Hardy**

With close to 100 years of experience, Hardy has navigated large customers through market changes, new government regulations, consolidation, and the changing consumer preferences of the Food Industry. Our solutions give Control Engineers piece of mind that Hardy delivers high performance weighing solutions with the Lowest Total Cost to Own. We make it EASY for you to integrate, install and operate. Call us today at 800-821-5831 or email us at hardyinfo@hardysolutions.com
